# 2027 DROP 2

## SS27 Feminine Utility

Soft feminine colors meet earthy utility tones in a fresh, modern wardrobe.  We translate the cargo trend from the runway into wearable pieces in army, khaki and pebble colors, creating  a casual, contemporary vibe.

Trends such as seersucker effects and bubble hems are translated into feminine, timeless pieces in fresh shades of rose, blush and matcha , perfect for lifting an outfit when combined with earthy tones.

Relaxed new silhouettes in our travel quality take the spotlight, while short-sleeve jackets add an easy, versatile layer for spring.

New this spring is the easy-care SMART FORM quality, slightly heavier than the bestselling LITE FORM quality from our summer drops, making it perfectly suited for early spring.

Feminine, effortless and ready for wherever spring takes you.
